

COSMETICS

eCSA
SINCE 1913 centonze

RAW MATERIALS: Chemicals & Specialities
 ENERGY: Fuels • Heating oil • Service stations
 MAINTENANCE SYSTEMS: Lubricants • Surface treatment • Safety products

The ECSA group is 100% family owned company in the fourth generation comprising **Emanuele Centonze SA of Chiasso** (Switzerland) and **ECSA Italia SRL of Milan** (Italy). The Group is active in international trading and distribution in three sectors: **RAW MATERIALS, ENERGY and MAINTENANCE SYSTEMS.**

The company was founded in 1913 and employs over 250 people at present.

The Group's mission is to safeguard its ability to act independently within the targeted geographical and industrial areas. This objective is ensured by the following core competencies: specialist in the selected industrial segments, regional focus, sourcing specialist, owner of warehouses and own logistics, state of the art infrastructure for the three business units and certified quality and safety management.

RAW MATERIALS

ECSA is today the largest Swiss owned company in the chemical distribution, specialising in following segments:

- COSMETICS & PHARMACEUTICALS
- FOOD & FEED
- FLAVOURS & FRAGRANCES
- LABORATORY REAGENTS
- DETERGENTS
- METAL PROCESSING & GALVANIC
- COLOURS & PAINTS

The current action fields of ECSA are Switzerland and Europe. The Group trades from Rotterdam, Basel, Balerna and Milan/Desio with other retailers focusing on raw materials in the principal segments. The HUB-Terminal is in Switzerland and Milan/Desio operates as the export platform to the European Union.

ENERGY

SERVICE STATIONS

Our network, made up of 23 service stations in Ticino and 10 in Romandie, satisfies the local and foreign demand for fuels, diesel, retail services and food & beverage. ECSA is a BP Partner since 1925.

HEATING OIL

ECSA is a leading provider of heating oil for private consumers, collective structures and building administrators.

MOTOR FLEETS

ECSA supplies major clients (transport companies, building contractors, airports) with diesel, additives (adBlue) and kerosene (aviation).

MAINTENANCE SYSTEMS

LUBRICANTS

Through dedicated technical consultancy services we respond to all lubrication and greasing requirements. ECSA is the sole CASTROL distributor for the Swiss industry segments.

SURFACE TREATMENT

Complete solutions designed to treat building surfaces, in civil and industrial engineering. In addition, we provide state of the art solutions from principals such as BASF, MÄDER-LACKE, BOSSHARD, ARBEZOL and other major brands.

ANCILLARY PRODUCTS

Support and materials for cleaning (detergents, disinfectants, paper for industrial use, agglomerates for oils, etc.), silicones and sealing products, antifreeze fluids for closed circuits, products for the treatment of drinking water and swimming pools, various other equipment.

WASTE MANAGEMENT

By offering this service ECSA is able to complete the supply loop from fresh to exhausted products.

EQUIPMENT FOR SAFE STORAGE OF HAZARDOUS PRODUCTS

SAFETY PRODUCTS

Main supplier of personal protection equipment.

POSITION OF EXCELLENCE

SERVICE COMPANY

Customer satisfaction is central to our success. Transparency, flexibility, agility, the guarantee of "one-stop shopping" and a proactive information system are our strengths.

SPECIALISATION & EXPERTISE

Specialist in our segments of competence: logistics, international procurement and sourcing.

RESPONSIBLE PARTNER OF CUSTOMERS, AUTHORITIES AND SUPPLIERS

High safety standards, respect for the environment, limitation of worst case scenarios, waste management, collaboration with programmes of suppliers to improve safety and quality.

STATE OF THE ART INFRASTRUCTURE

STAFF

Motivated, identify with the company, are agile in adapting to changes in the market and react immediately to customer requirements.
